## Give me Five Sudoku

Place a digit from 1 to 9 into each of the empty squares so that each digit appears exactly once in each of the rows, columns and the nine outlined 3x3 regions.

Sum and difference of two orthogonally adjacent numbers must not be 5.

4	8	9	3	6	5	1	2
5	6	2	1	8	4	7	9
9	2	4	7	5	8	6	3
7	9	8	6	3	1	2	4
8	1	5	4	7	3	9	6
6	3	1	2	9	7	5	8
2	4	7	8	1	9	3	5
1	5	3	9	2	6	4	7
3	7	6	5	4	2	8	1
	5 9 7 8 6 2 1	5     6       9     2       7     9       8     1       6     3       2     4       1     5	5       6       2         9       2       4         7       9       8         8       1       5         6       3       1         2       4       7         1       5       3         3       7       6	5       6       2       1         9       2       4       7         7       9       8       6         8       1       5       4         6       3       1       2         2       4       7       8         1       5       3       9         3       7       6       5	5       6       2       1       8         9       2       4       7       5         7       9       8       6       3         8       1       5       4       7         6       3       1       2       9         2       4       7       8       1         1       5       3       9       2	5       6       2       1       8       4         9       2       4       7       5       8         7       9       8       6       3       1         8       1       5       4       7       3         6       3       1       2       9       7         2       4       7       8       1       9         1       5       3       9       2       6         3       7       6       5       4       2	5       6       2       1       8       4       7         9       2       4       7       5       8       6         7       9       8       6       3       1       2         8       1       5       4       7       3       9         6       3       1       2       9       7       5         2       4       7       8       1       9       3         1       5       3       9       2       6       4         3       7       6       5       4       2       8
