

Makodoku

Place a digit from 1 to 9 into each of the empty squares so that each digit appears exactly once in each of the rows, columns and the nine outlined 3x3 regions.

A cross between two cells indicates that the product of the numbers in these cells is less than 10. A plus between two cells indicates that the sum of the numbers in these cells is less than 10. If the sum and product are less than 10, then there is a cross between these cells. If there is no sign between two cells, then both sum and product are at least 10.

(Solution)

									+	+	×	5								
+		+	+	+					+					+						
		+		+	+	+														
	+				+				+											
+									+	×		+	+							
3	+		×						×	+	×		+	+						
			+						×	+		×		+						
									×	+		×	+							
	+								+	×										
		+	×	+	+	5		+		+									9	
		×		+					+											
			+		×		+	+												
			+																×	
+			+		×		+											+		×
2																				
					×		×
