

staircase sudoku

1 9 3x3 staircase sudoku puzzle

Staircase Sudoku is a variant of the traditional 9x9 Sudoku puzzle. It consists of a 9x9 grid with a staircase-shaped region removed. The staircase starts at the top-left corner and extends to the bottom-right corner, creating a path of empty cells. The numbers 1 through 9 must be placed in the grid such that each row, column, and 3x3 subgrid contains all the digits exactly once.
